SUMMARY

Driven and motivated computer systems engineering student with a strong interest in software development, including web and mobile applications. Eager to explore the latest technologies and continuously expand my technical skill set. I enjoy solving complex problems through coding and have a solid foundation in programming, ready to contribute to impactful projects and grow as a developer.

EDUCATION

Higher Institute of Applied Sciences and Technologies of Sousse

SEP 2023 - OCT 2026

National Applied Bachelor's Degree in Computer Systems Engineering

SKILLS

Java, Python, HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, TailWind CSS, Flutter, Figma, Git, SQL, C, Graphic Design, Adobe Illustrator, Adobe Photoshop

EXPERIENCE

Marketing Assistant

OCT 2024 - PRESENT

TPL ISSATSo Club

- Applied best practices in code structuring, version control (Git), and debugging.
- Improved understanding of modern web development workflows, including using tools like VS Code, GitHub, and npm.

PROJECTS

QUIZ APP Flutter Quiz App This Flutter Quiz App is an interactive application designed to test and enhance your knowledge of Flutter ([Try it here](#))

GEMINI CLONE Gemini Clone is a front end project developed with React + Vite, designed to replicate the experience of Google Gemini AI. It integrates the Google Gemini API to provide real-time responses through a modern and smooth interface. ([Try it here](#))

Full-Stack Booking Web App A fully functional full-stack booking web application built with React.js, Express.js, MongoDB Atlas, and Tailwind CSS.

Features include user authentication, place listings, image uploads, and a booking system.

Users can sign up, log in, list places, upload images, and make bookings—all through a clean and responsive interface. ([Try it here](#))

CERTIFICATIONS

- **Google UX Design Professional Certificate** Proficient in user-centered design principles, including user research, wire framing, prototyping, and usability testing. Skilled in design tools such as Figma and Adobe XD, with hands-on experience in creating responsive web and mobile applications.[\(here\)](#)
- **Meta Android Developer Professional Certificate** This certification, developed by industry experts at Meta, encompasses a series of rigorous, self-paced courses covering essential topics such as Android application development, user interface design, version control systems, and cross-platform mobile development using React Native.[\(here\)](#)

VOLUNTEERING

Member

OCT 2024 - PRESENT

Google Developer Groups On Campus ISSATSo

- Collaborated with peers to promote Google technologies and developer tools.
- Participated in workshops, hackathons, and tech events to enhance technical knowledge and networking.
- Contributed to fostering a vibrant developer community on campus.

Member

OCT 2024 - PRESENT

Cyber Trace Club ISSATSo

- Actively participate in cybersecurity challenges, including digital forensics, threat analysis, and ethical hacking simulations.
- Collaborate with team members to solve complex problems and improve technical skills in areas such as network security, malware analysis, and vulnerability assessment.
- Stay updated on the latest cybersecurity trends, tools, and techniques through workshops, seminars, and hands-on projects.
